

Students enjoy an interactive felt board activity with ocean creatures (and plants) at circle time during CLC's ["shark week" program](#) at Vallemar Preschool in Pacifica, CA led by CLC President Teacher Taylor.

What is Happening Next?

CLC is proud to announce that we will be having 6 weeks of sensory tours at the Aquarium of the Bay on Pier 39 in San Francisco, CA!

We are excited to share with you that we will be launching inclusive, sensory-friendly, one-on-one aquarium tours at Aquarium of the Bay in San Francisco on Fisherman's Wharf for young students with disabilities this summer! Students will be fully supported during their tour by credentialed special education teachers (the event name is a *one-on-one tour*, but if your student needs multiple support staff, we will provide them with any accommodations they need)!

Tours will be on the following Wednesdays this summer: July 8th, July 15th, July 22nd, July 29, August 5, and August 12. On each of these Wednesdays CLC will be leading three tours, each with one student. The first tour starts at 10:00am, the next starts at 12:15pm, and the final tour starts at 2:30pm. Space is limited, so sign your student up ASAP if you are interested! **You will need to buy a ticket at our [EventBrite](#), AND fill out our accessibility [Google Form](#) with your students' information to be registered for the tours.** Each tour will be 150USD with fees included. Students attending this event must be **15 or younger**, our activities are geared towards this age group.

During the tour, students will meet Teacher Taylor at the entrance of the aquarium, it will be parent and student choice if the parent or guardian attends the tour as well. Students will walk through the aquarium, which will be adapted by CLC to meet the needs of your student, with trained professionals to accommodate physical, emotional, cognitive, or any other differences your student might experience. During animal touching opportunities, students will have the option to wear sensory mittens by Lakeshore to help with sensory preferences! We are dedicated to accommodating all students, and will always create accessible learning experiences!

How Do I Enroll?

UPCOMING TABLING EVENT IN SACRAMENTO ON JULY 15th!

We will be tabling in Sacramento on July 15th at the Historic Masonic Center 1123 J Street, Sacramento, CA 95814! We will have merch, and will be talking about our mission and networking! We hope to see you there!

Shark Week At Vallemar Preschool!

At Vallemar Preschool in Pacifica, CA, CLC President Taylor Crowley-Parish led students in a myriad of fun activities during “shark week!” In the photos you can see Taylor leading circle time activities with felt learning tools, the students enjoying a book, everyone getting dirty with an ocean-themed sensory box, and lots of fun with sharks,

Hoola Hoops, and stories! At Vallemar program days consisted of ocean and shark-themed circle-time activities, a sensory box project, brain and body breaks, and much more! For more information, please visit our "[Past Events](#)" page on our website!

About CLC

The Coastal Learning Collaborative is now an official 501(c)(3) nonprofit organization! We were founded by Taylor Crowley-Parish M.e.d, a special education teacher with a great passion for the sea! **Our mission is to provide accessible, sensory-friendly marine science education to students of all abilities!** CLC recently taught "shark week" at Vallemar Preschool in Pacifica, CA, and used a variety of learning tools and hands-on activities to inspire the students about the ocean! We also have been working hard to start our [website](#), which you can check out to learn more about our [team](#) and our [upcoming events for students](#)!

A Special Thanks to Our Donors! We Couldn't be More Grateful to You!
